

L. F. Research EMC Facility

12790 Route 76, Poplar Grove, IL 61065, USA

August 17, 2019

Getting to L F Research:

From outside the region, we recommend using Chicago's O'Hare Airport. Upon arriving the options are to rent a car (at the moment this requires taking a rental company shuttle bus from the downstairs level of the terminal you arrive in) or to take a regional bus.

Cars may be rented from most of the big rental companies, we suggest using Travelocity.com or Carrentals.com to make a reservation. Just please be aware, I-90 is a Toll Road.

The regional bus company is called VanGalder, they are part of the coach USA group. These coaches are quite comfy and are point to point with no stops. Their website is here:

<https://www.govangalder.com>

You can book tickets on-line and save a few \$. The one-way fare is \$24 for a walk up, or \$21 when booked on-line. The bus stops at the Rockford Bus Terminal, which is central to the hotel district. A short walk from the Bus Terminal is a Hertz local office, just in case you want to rent away from the airport.

Around the Bus terminal is a substantial number of hotels. If you have no preference, we suggest the candlewood suites hotel. The website is here:

https://www.guestreservations.com/candlewood-suites-rockford/booking?gclid=EAlaIqobChMI3r-W0NaK5AIVOB-tBh2QsAOIEAAYASAAEgJdwvD_BwE

The reason we suggest this hotel is that our client's have given us favorable reviews and they are physically about a minute's walk from the bus terminal.

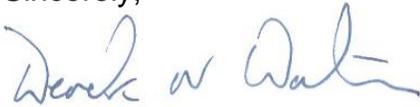

L F Research is located at 12790 IL Route 76, Timberlane, IL 61065. This is approximately 12 miles from L F Research. This address is found on both apple maps and Google maps for people who are driving. For seminar attendees not wanting to drive, a bus will collect from the Candlewood hotel in the morning and return seminar attendees in the evening.

One other option, for those that fly, is Poplar Grove Airport. This is located less than a mile from L F Research.

Attachment 1 Shows snapshots of routes discussed above.

If you have any questions please email Derek@lfresearch.com

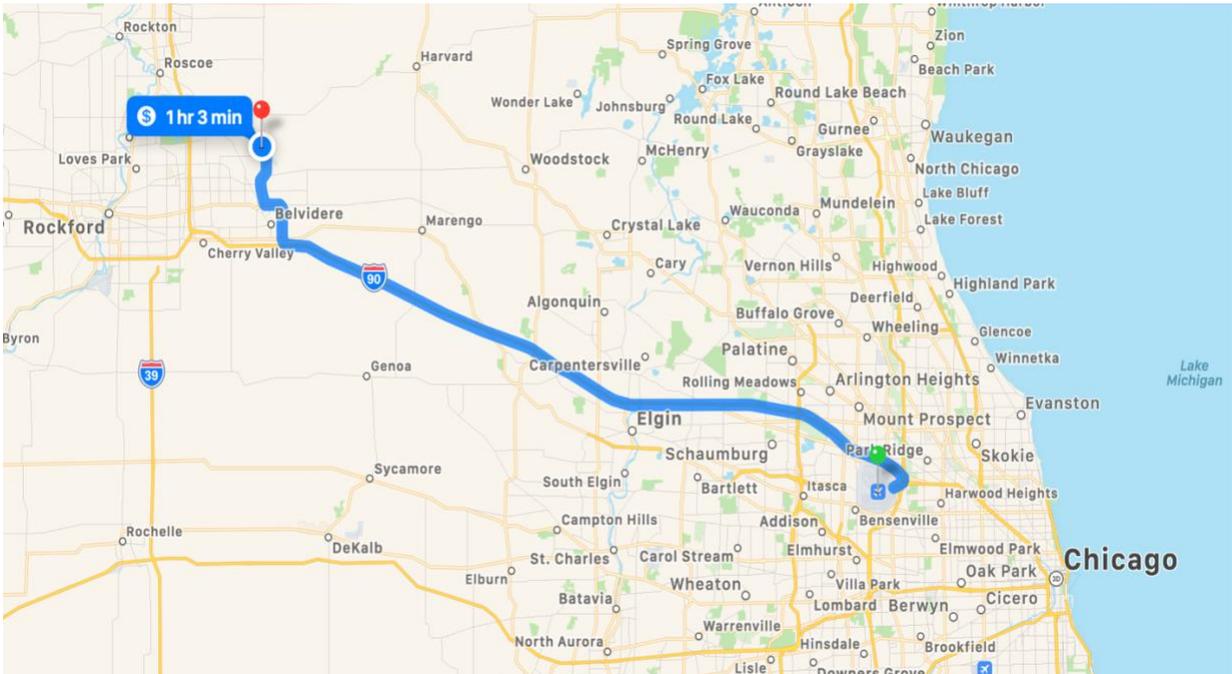

Sincerely,

A handwritten signature in blue ink that reads "Derek N. Walton". The signature is written in a cursive style with a long horizontal stroke at the end.

Directions to L F Research

L F Research is located approximately 1 hour northwest of Chicago's O'Hare Airport. The suggested hotel is also approximately 1 hour from O'Hare

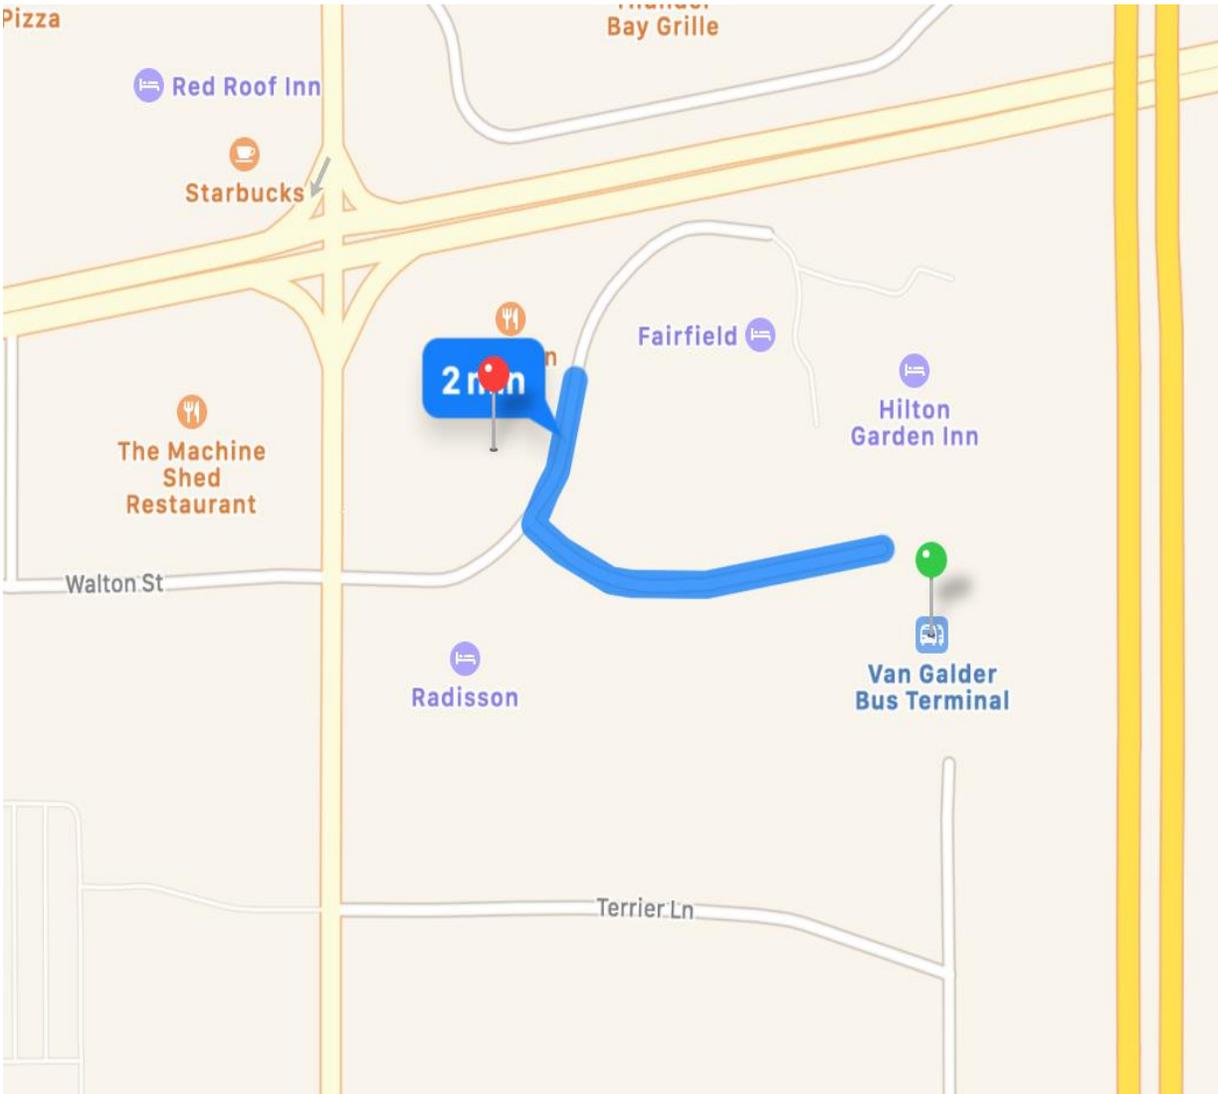

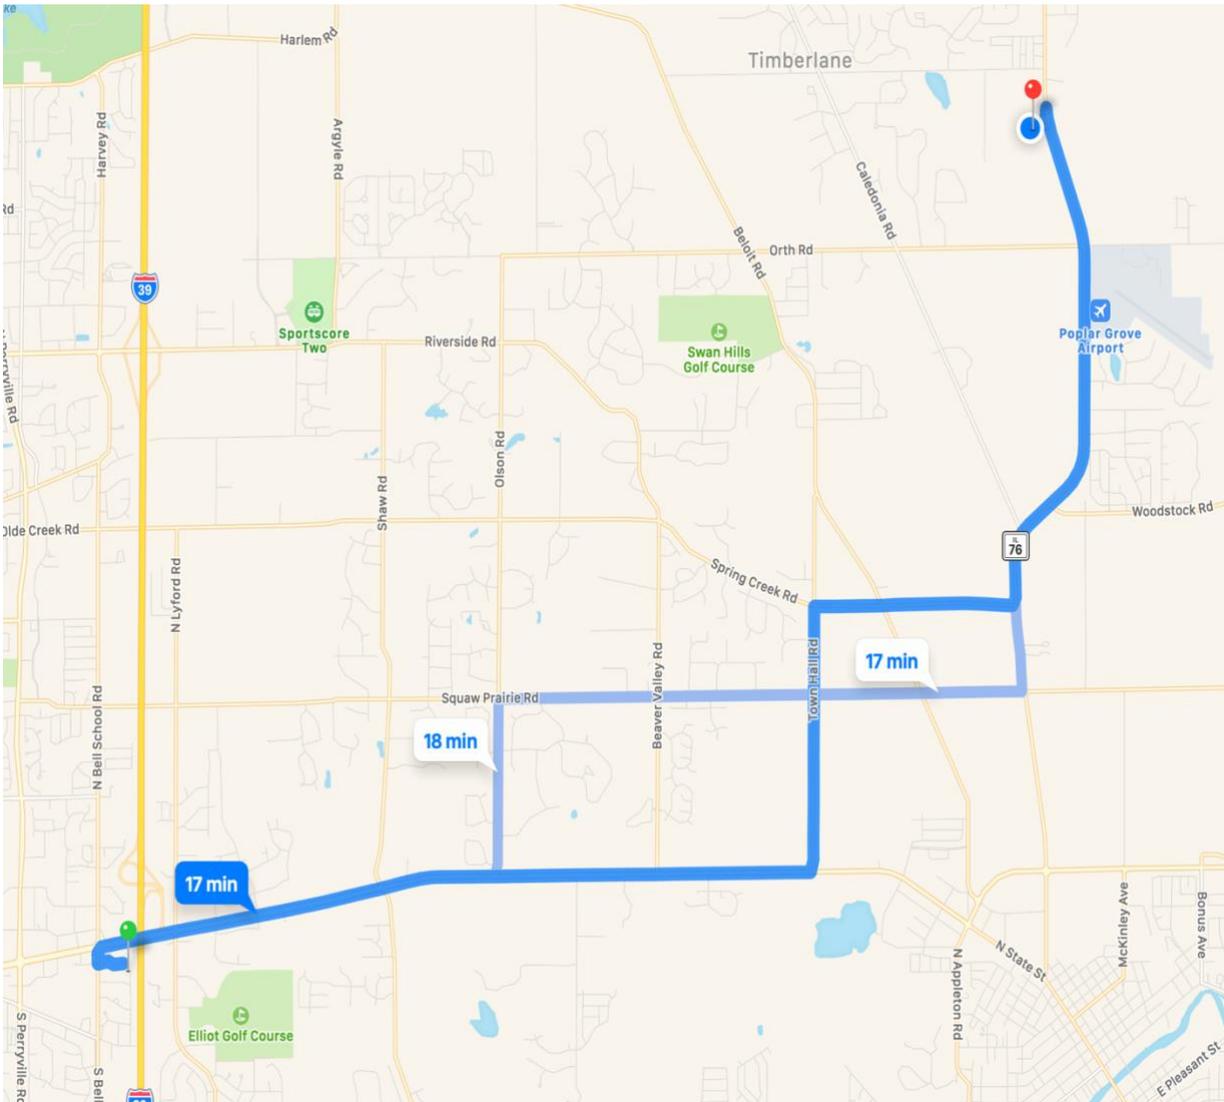

The suggested hotel is just a very short walk from the VanGalder bus Terminal.

Other hotels are close by and still within walking distance: the Hilton Garden Inn, Fairfield and Radisson.

Many other hotels are close buy, but may require an Uber to get to them easily.

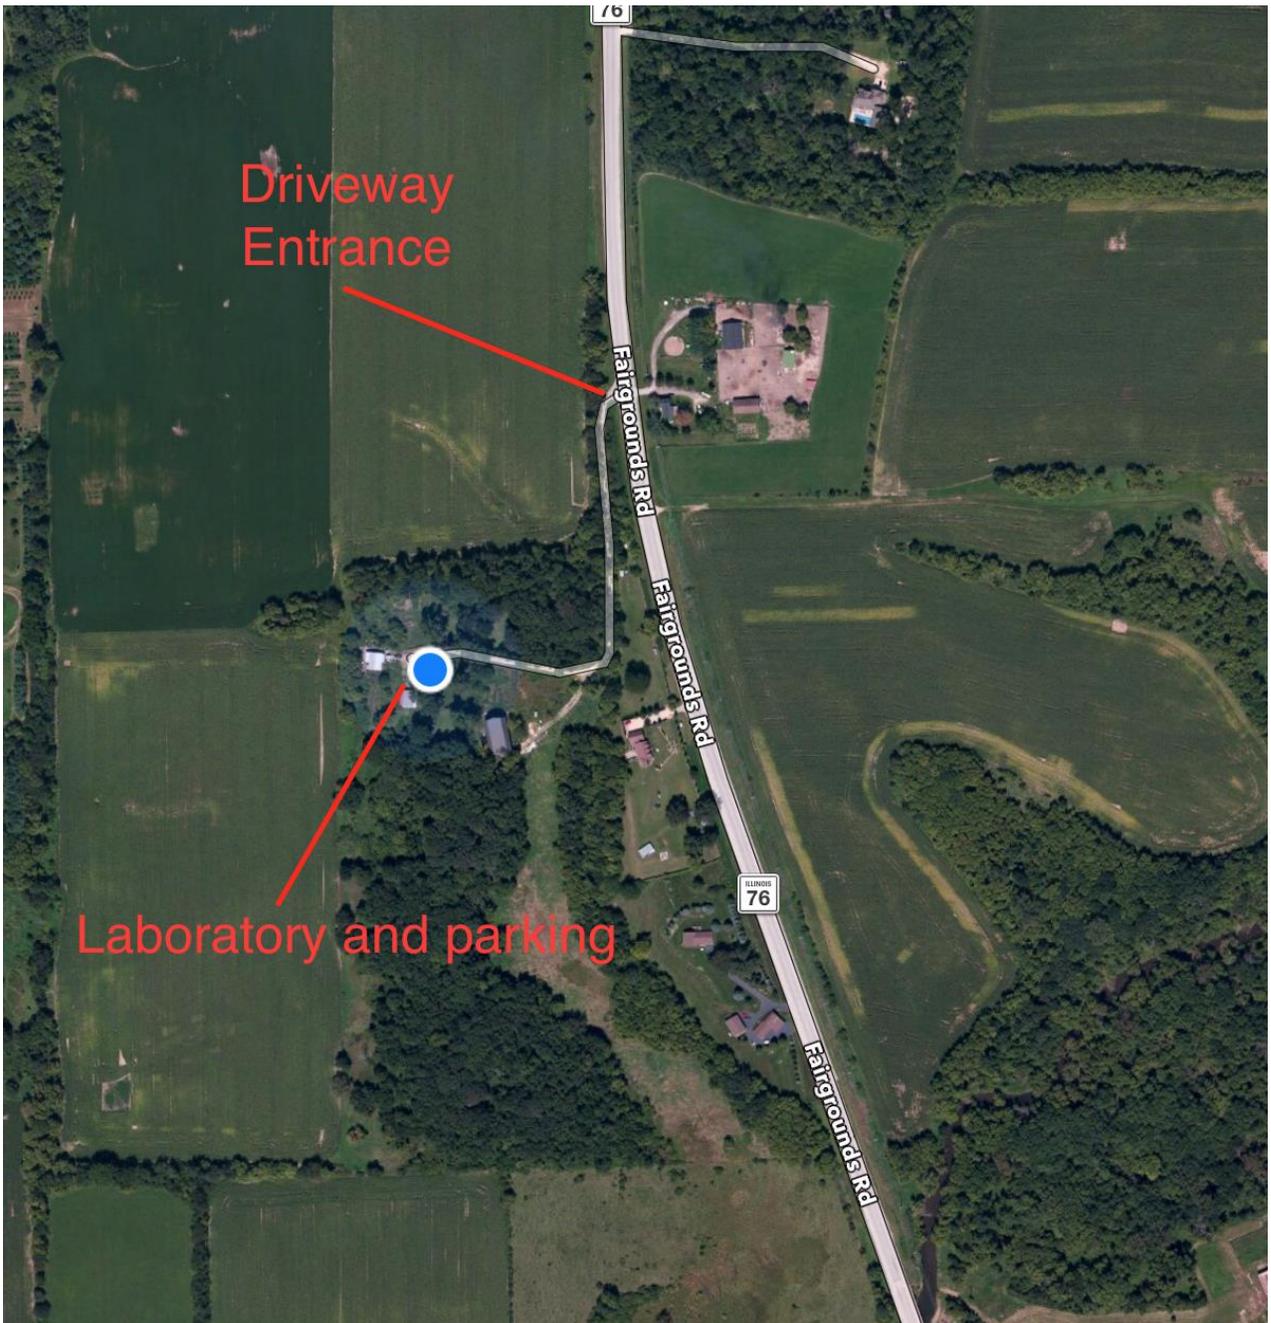

For seminar attendees that would like to rent a car once in Rockford, a local Hertz office is a very short walk from the VanGalder bus Terminal.

L F Research is located at 12790 IL Route 76, Timberlane (sometimes called Poplar Grove), IL 61065. This is about 12 miles from the suggested hotel.

IL-76 is sometimes called Fairgrounds Road.

The driveway entrance is only small, a sign will be posted the days of the seminar.

The entrance driveway is gravel and bends sharply to the right about halfway along. The driveway terminates in a gravel yard: the laboratory is in the Blue Building.
